#### Raising a concern

If you are concerned about the care or service you or a relative are receiving, please talk to a member of staff involved as soon as possible and let them know.

We will always aim to resolve problems as they arise. If you are dissatisfied, or have any concerns, please tell a member of the practice staff and they will do their best to resolve the matter there and then. Please be assured that raising a concern or making a complaint will not affect your care either now or in the future. We promise to listen carefully, find out what went wrong and do everything we can to resolve the issue.

Your details will only be shared on a need-to-know basis although the subject of the complaint and outcomes may be shared for wider learning.

# Making a complaint

If we have been unable to resolve your problem and you wish to make a complaint, there are a number of ways to do this.

#### Face to face

You can tell a member of staff involved in your care that you want or need help to make a complaint. You can also ask to speak to or discuss your complaint with the senior person on duty or manager in charge.

#### In writing

You can write to us or complete the form included at the centre of this leaflet and either hand it to a member of staff or post it to the surgery at:

Wadhurst Medical Group St James Square Wadhurst East Sussex TN5 6BJ

#### By email

You can email us at: sxicb-esx.belmont@nhs.net or via our website: https://www.wadhurstmedicalgroup.co.uk/

# What if you remain unhappy?

If you are dissatisfied with our response to your complaint please let us know. We will always do our best to resolve any outstanding issues.

If you remain dissatisfied, you may request an independent review of your complaint by the Health Service Ombudsman, who can be contacted at:

www.ombudsman.org.uk/make-a-complaint

or by telephone on: 0345 0154033

The Ombudsman will generally consider your complaint once you have completed Sussex Primary Care's complaints procedure and received your final response.

If the Ombudsman is of the opinion that Sussex Primary Care can do more to resolve your complaint, they will refer your complaint back to Sussex Primary Care. It is therefore very important to allow Sussex Primary Care every opportunity to try and resolve your complaint.

## When should you make your complaint?

Ideally, your complaint should be made as soon as possible and within 12 months of realising you have cause to complain.

## Consent to carry out an investigation

If you are making a complaint on behalf of someone else, we will need that person's written consent to carry out an investigation, even if it is on behalf of a close family member or friend. A form is provided for this purpose in the center of this booklet.
